PROFESSIONAL SUMMARY

Motivated and enthusiastic Full Stack Developer with a strong foundation in programming and software development. Skilled in Java, JavaScript, and backend development concepts, with hands-on experience in building applications using modern web technologies. Passionate about problem-solving, learning new tools, and developing efficient, scalable, and user-friendly software solutions. Eager to contribute to real-world projects and grow in a professional development environment.

EDUCATION

- B.Tech (CSE): Accurate Institute of Management and Technology | Pursuing
- Class 12th: RSS International School | Percentage: 70%
- Class 10th: RSS International School | Percentage: 76%

TECHNICAL SKILLS

- Programming: Java, JavaScript
- Frontend: HTML5, CSS3, JavaScript, React.js
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools: Git, GitHub, LeetCode, VS Code
- Core Subjects: Operating Systems, DBMS, Data Structures & Algorithms, Computer Networks
- Other: Data Structures and Algorithms (in progress)

PROJECTS

ServiceHub | Multi-Service Booking Platform

- Built a multi-user service booking platform enabling real-time service access and booking.
- Developed personal services module including grooming, shaving, and haircut booking system.
- Implemented home services module such as whitewash, house cleaning, pest control, and other on-demand services.
- Designed a responsive UI using React.js, HTML, CSS, and JavaScript for a smooth cross-device experience.
- Created backend REST APIs using Node.js and Express.js for service management, booking flow, and user handling.
- Integrated MySQL database for efficient storage of user data, service listings, and booking records.

E-Commerce Store | MERN Stack Application

- Developed a full-stack e-commerce web application with product listing, cart, and checkout functionality.
- Built secure backend APIs using Node.js and Express.js for authentication and product management.
- Implemented a dynamic and responsive frontend using React.js for a seamless shopping experience.
- Integrated MongoDB for storing user data, product details, and order history.
- Added features like search, filtering, and category-based product browsing.

CERTIFICATIONS

- Web Development — IBM | Completed certification in Web Development from IBM.
- Generative AI — TCS | Completed certification in Generative AI from TCS.
- AI Foundation — Coursera | Completed certification in AI Foundation from Coursera.

CORE STRENGTHS

Quick Learner • Problem Solving • Team Collaboration • Adaptability • Willingness to Learn New Technologies • Logical Thinking
